

01

BEACH  
INSPIRED  
ART-DECO  
VILLA

Designed for a coastal area situated in Hollywell on the Gold Coast.

The four bedroom two storey villas drew inspiration from the beach landscape and outdoor Queensland lifestyle – materials, textures and shapes echoing the local environment characteristics found on the eastern shores of the Gold Coast.

Coupled with geometry that harkens back to the Art Deco era and soft pastel hues, diverse patterning and textures and curved geometries.
